## Summary

Senior Frontend Developer with 6+ years of experience building high-performance web applications. Specialized in React, Next.js, and modern UI architectures, with a strong focus on scalability, SEO, accessibility, and animation-driven user experiences.

## Experience

**Dspot Team** Poland  
Senior Frontend Developer 2022-Present

- Led frontend development for scalable SaaS, Web3, and enterprise products used by thousands of users.
- Built high-performance applications with React, Next.js, and TypeScript.
- Improved Core Web Vitals scores, contributing to better SEO and user retention.
- Implemented advanced animations and 3D interactions using GSAP, Lottie, and Spline.
- Established testing workflows with Storybook, Cypress, and React Testing Library.

**Datazucar** Cuba  
Fullstack Developer 2020-2022

- Served as a key developer for the “Versat ERP” ecosystem, managing complex data flows for enterprise resource planning.
- Product Ownership: Independently designed and developed “Comercializador”, a React-based web application for license management, automating processes for dozens of client companies.
  - Fullstack Development: Contributed to database modeling and backend logic using Django, ensuring secure and efficient data import/export pipelines.
  - System Optimization: Enhanced system security and reduced load times through backend refactoring and optimized frontend state management.

## Education

**Central University “Marta Abreu” of Las Villas** Computer Engineering  
Computer Science Cuba • 2013-2018

Graduated with a strong foundation in Software Engineering, Algorithms, and System Architecture. Specialized in Web Development and Object-Oriented Programming, laying the groundwork for a career in building scalable digital solutions.
